RE: Willie A. Singleton, Jr.
Graduate Application

Dear Dr. Parker:

It is with pleasure that I recommend Willie A. Singleton for Graduate School with a positive opinion.

Mr. Singleton possesses a singular unique and mature talent for performance and leadership ability in the area of teaching. He will come to you, if accepted, with a wealth of experience in both classical and jazz performance. He has a great amount of capacity to inspire younger students and a musical discipline that has been consistent ever since his youth. There are very few aspects of the art of trumpet technique and performance that he cannot do, or has not mastered.

Thank you very much for your interest in him. It is hoped that your consideration will be in his favor throughout his tenure at your institution.

Sincerely,

A handwritten signature in cursive script, appearing to read "Myrtle E. David".

Myrtle E. David,
Professor of Music
